

Spotlight on Disease Team Awards - Genetic Skin Disease: Albert Lane

Spotlight on Disease Team Awards - Genetic Skin Disease: Albert Lane

Albert Lane, M.D., spoke at the "Spotlight on Disease Team Awards: Genetic Skin Disease," an educational event presented at the CIRM Governing Board meeting on February 4, 2010. Lane is chair of the department of dermatology and professor of dermatology and pediatrics at Stanford School of Medicine. Lane has a CIRM Disease Team Award to develop a stem cell-based therapy for epidermolysis bullosa.

The CIRM-hosted event was presented at the UCSF Mission Bay campus.
